

THE 2020 CLASSIC RANGE

Inspired by color and personal expression through contrasting hues, we have curated the 2020 classic range with simplicity in mind.

Returning to our roots, Penny will once again drive expression through simplicity, delivering the most on-trend colors in classic designs for the 2020 range.

The range has been carefully curated to flow from dark and ominous colors, to earthy tones, through to high-impact brightness, and finishing with soft tonal contrasts of washed out palettes.

Available in 22", 27", 32" and select 36" sizes. We're excited to provide our best classic palette to date!

BRIGHT LIGHT

DROP 1

The Bright Light is inspired by the contrasting streets of Tokyo. The bright lights of the megacity contrasting with dark city streets, is represented with the bright marmalade and ultra cyan hues. The versatile colors of the components bring a liveliness to the range that is contrasted with the ever-successful black deck. The Bright Light takes the form of a strong, punchy and impactful board that will be well suited to the streets, the beach or the retail floor.

BURNT OLIVE

DROP 1

With the rise of military-influenced aesthetic in 2019, it only makes sense that olive green stays the trend color for 2020. The Burnt Olive takes these colors, and an influence of mid century design, to bring another classic to the range. Adding distinction to the board, we have added burnt orange wheels and burnt yellow hardware to soften the palette even more, capitalizing on the raw natural tones.

THE 2020 OPEN ROAD COLLECTION

DROP 1

Born out of pure enjoyment on the road, Penny Skateboards has delivered amazing videos like Viva Vacation and Open Roads tours over the past 10 years.

Before the #vanlife movement began, there existed the fun loving freedom chasers that would pack their surfboards, friends and paraphernalia into the back of a van and hit the open road. They were the wanderlust originals and gave new meaning to transport for experience, not just a destination.

Inspired by the need rally your crew, grab your boards, find the ultimate playlist, and escape with a Penny Skateboard, we're introducing our *Penny Open Road* collection.

The *Penny Open Road* collection is inspired by the 4 wheeled vessels of freedom, from the 1970's and 1980's. Stemming from the creativity and personal expression painted on the side of the vans through the US, we're excited to bring you this range of classic van designs on 22" and 27" boards.

THE 2020 POSTCARD SERIES

DROP 1

Keeping in the theme of exploration, the 'Postcard Series' represents the experiences of travel through 3 different wanderlust destinations - the coast, the mountains and the urban environment.

The art emulates the novelty of old-school postcards from around the world designed by Argentinian artist Alan Berry Rhys. During a recent trip to Australia, we met with Alan and discussed his love of Penny Skateboards which he rides every week as a mode of transport around his home town.

Alan's love of the Australian coastline, his family holiday home in Yosemite and his desire to experience the urban culture of Tokyo and NYC, made him the perfect artist for the Penny Postcard Series

Find your destination, grab your board and escape through the Penny Postcard series.

Greetings from

HIGH ~ LINE
SURF SKATE

THE HIGH~LINE

Designed for the flat-day fun, the Penny High-Line Surfskate replicates the feeling of surfing the streets.

This board is developed for skills progression and all-time stoke by utilizing Warterborne patented technology and the same quality components you love from Penny Skateboards. The Penny High-Line Surfskate is without a doubt the most technically advanced and exciting Surfskate on the market. This shred-sled is designed to blow your mind with the responsiveness of the board giving you the tight curves and pumping you'd normally get on a surfboard

Warterborne patented technology is molded perfectly into the custom Penny 29" deck to allow the tightest turns that will never bite and providing responsiveness that allows for amazing speed generation. Don't mistake this for just another reverse kingpin truck. The High-Line uses asymmetrical design to allow for 3x more turning than an ordinary skate truck.

The 14" wheel base allows both tighter turns in the pocket and wider arc turns for style! The new 29" deck is created with a W concave to ensure the perfect foot placement for turns. Our 59mm Penny wheel has been created with an 83A duro to facilitate ultimate slide for those big turns while still supporting grippy, snappy carving.

The High-Line has been made with premium materials to ensure our lifetime warranty. Despite having the amazing quality components, the High-Line is priced at an affordable price-point compared to competitors to ensure the category growth continues

PENNY SURF

Since the inception of the skateboard there has been a close relationship to surfing and surf culture. Penny was founded on the excitement of sliding sideways and celebrating good times with friends. These moments of stoke are what inspired young surfers in the 70's to take to the streets and surf the pavement. Today we are excited to provide you with a new level of fun with Penny Surf.
